

# NORTHVIEW High to Innovation Academy

Innovation Buses are: 4028, 4732 & 4730 . Buses will load and unload in the area of the yellow rectangle. Parents should enter at blue arrow and temporarily park tangentially along an arc encompassing the yellow rectangle.

All four grade levels are evenly divided and must fit on three buses. Therefore, it is suggested that 4028 will be for iOS users, 4732 will be for Android users and 4730 will be for Linux users or wherever a seat is available.
